

My name is Andrea Remington and I am running for the position of councillor for the Summer Village of Half Moon Bay. My family has spent almost a decade as summer residents of Half Moon Bay; we love this community and are grateful for every moment spent here. It is a privilege to be a resident of this summer village, and I embrace the opportunity, as a resident, to represent the people of Half Moon Bay with a seat on council.

I am a lawyer of 14 years, practicing exclusively family and estate law for the past five. Having worked for a multinational law firm, a boutique law firm, and as a sole practitioner running my own practice, I have extensive knowledge of both the business and practice of law. I have a strong aptitude for navigating interests, policy, legislation and personalities, and have successfully managed a variety of projects, contexts and stakeholders. I am a strong communicator, an instinctive facilitator and a trained negotiator, and strive to be a thoughtful colleague, friend and neighbour. I am also a wife and mother and I take the good and the bad that comes with all of these roles. I embrace the challenges and opportunities as they come head on; I am not afraid to ask (relevant) questions and/or speak my mind, and will always advocate for doing the right thing, in all situations. It is this value that I will bring to this community in the role of councillor for the Summer Village of Half Moon Bay.
