

Bio For: Jim McLeod

Jim McLeod has been a permanent all year round resident of Norglenwold since 1986. You could say he has grown up in Norglenwold as his parents had a summer cottage in Norglenwold from the early 1960's. Jim fondly remembers the summer jobs in Sylvan while going to school and learning to swim and water ski at the lake.

Jim has been a real estate agent for over twenty years and is currently the owner/broker of Sanctuary Real Estate Ltd.

Jim is married and has two girls who are just now appreciating the lake and it looks like a third generation of spending time in Norglenwold is in the works.

Jim is considered energetic, communitive, and a strategic thinker by his work associates. Jim realizes change is a constant in our community and that such change needs to be managed and directed in a way that is best for Norglenwold now and in the future.

He would like to see more resident input into the day to day operations, improved communication to residents from both council and administration. Jim will work hard to represent all view points in the complex issues facing our beloved community, such as services, lake access, village growth, development and financial accountability at the forefront. Jim is very aware of the need for financial management of our tax dollars to maximize our future efforts.

Jim firmly believes that we are the caretakers of our lake, cottages and homes for our future generation. After all once you spend a few summers out here there really is no better place to be.

I am asking for your support on July 8th.
