

Michael Joseph Bruni K.C.

Our family have been a part of Sunbreaker Cove for over 26 years having owned two properties one off and one on the lake. We presently own 631 Fox Crecent and have been there for over 20 years. My wife Janice and I have 4 children who enjoy the community along with our 7 grandchildren. We have embraced the community and have nurtured many years of great memories for all seasons.

I am presently the Chair of the Sunbreaker Cove Subdivision Development Appeal Board which I have been a part of for some 3 plus years.

Educated as an engineer and then a lawyer, I was called to the Alberta Bar in 1978 and have had extensive experience working with administrative tribunals and government entities in the regulatory law/procedures and process. I have worked with and led many national, provincial and local not-for-profit organizations as chair, board member and advisor on governance and change management. I continue to volunteer and advise national, provincial, local Boards and committees on governance and legal matters, including having served on the Board of Directors of the Sport Dispute Resolution Centre of Canada. In particular, I have been a dedicated hockey volunteer for 40 years; previously chaired Hockey Alberta's Board of Directors and went on to serve on Hockey Canada's Board serving as Chair from 2011-2013. I also chaired the nominating committee for Hockey Canada to recruit a slate of Board members to replace the resigned Hockey Canada Board in 2022.

I am presently the President of the Marda Loop Business Improvement Area (BIA) in Calgary and have interacted on many occasions in that role with the City of Calgary council and administration. In doing so I have become very familiar with municipal administration, decision-making and politics.

I very much look forward to continuing to volunteer and to serve the community of Sunbreaker Cove with a proactive and transparent approach. I also look forward to meeting many more of our residents to obtain their feedback, vision for Sunbreaker and views.
