

Mike Pashak – HMB Biography (2021)

I am a third-generation property owner in the Summer Village and have been part of the HMB community since 1964. I am completing my first term on Council and first year as Mayor. I look forward to carrying on the good work of previous Councils and appreciate all of the work and dedication of previous Councillors.

My reason for becoming an elected official and why I am running for a second term was that I felt I have a good understanding of the issues that face municipalities adjacent to lakes and felt it was my turn to give back to the community. Lake health and the need to protect one of our greatest recreational resources is very important to me. I want to ensure that HMB continues to be a vibrant and sustainable community. I believe it is important that everyone works together to preserve and protect the lifestyle and harmony that this community has become known for.

I bring a diverse background to this role as a seasoned executive-level business professional with experience in Operations, Customer Service, and Government Relations. I am currently the President of the Association of Summer Villages of Alberta and also on the Board of Directors of the Alberta Urban Municipalities Association. These two roles provide me with an opportunity to fully understand the issues that Summer Villages face and allow me to bring a strong voice to the table when advocating on behalf of HMB and all Summer Villages.
