Dear Council Members,

I attended the meeting yesterday by Zoom and believe that there are many problems with the process. Comments are as follows:

1. Meeting link was sent out very close to the meeting time, which suggests that most likely a lot of residents were unable to attend by Zoom, as they did not see the link in time.

2. I have attended many Zoom meetings and was very disappointed that Zoom participants did not see Council or the meeting presenters at the beginning of the meeting. After the initial presentation, all that we saw was the map of Last Chance Way.

3. When the presentation was over, and the attendees were being instructed to start on the Work Books, I heard a comment from one of the presenters that she "had forgotten about the Zoom participants." I stayed on the meeting for a while hoping that something would be said to advise the Zoom participants as to how we will be able to obtain a Work Book to complete and submit. After hearing nothing, I left the meeting.

4. I clicked on the link to the Work Book, and it is impossible for me to print the Work Book or work on it online.

5. Please advise as to how many residences were represented in person at the meeting and by Zoom. Please also advise as to the total number of residences in the Summer Village of Norglenwold.

6. If Council wishes to obtain the best representation as to the residents' opinions, then a Summary of the process and a copy of the Work Book should be mailed to all home owners that participated by Zoom and also to those that did not attend in person. I would definitely like to have a copy of the Work Book mailed to my Calgary address.

7. At the meeting, I did not hear a due date for the Work Books to be submitted.

8. The Open Spaces Plan is very important to the future of the Summer Village, therefore, it is very important that all efforts be given to obtain the opinions of the majority of the residents.

9. Further, the timeline shown for completion of the Open Spaces Plan is for May or June of 2024. It would perhaps be prudent for Council to hold off on completion of the the Plan until an Annual Meeting has been held. As you are aware, there has been no Annual Meeting for several years.

I look forward to your early response.

Best regards, Patti D.

### Attention: Mr. Tanner Evans, Chief Administrative Officer

Dear Mr. Evans:

#### Re: 2023 Audit Engagement Letter

#### The Objective and Scope of the Audit

Metrix Group LLP is pleased to serve as auditors for Summer Village of Norglenwold for the fiscal year ending December 31, 2023. The purpose of this letter is to outline the terms of our engagement to audit the financial statements of Summer Village of Norglenwold which comprise the statement of financial position as at December 31, 2023, and the statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended. Philip Dirks, CPA, CA, will be responsible for the services that Metrix Group LLP performs for Summer Village of Norglenwold. He will, as considered necessary, call upon individuals at Metrix Group LLP to assist in the performance of our services.

We are pleased to confirm our acceptance and our understanding of the nature, scope and terms of this audit engagement and all services related thereto, by means of this letter (the "Engagement").

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement (whether due to fraud or error) and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### The Responsibilities of the Auditor

We will conduct our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

a. Identify and assess the risks of material misstatement of the financial statements (whether due to fraud or error), design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

Summer Village of Norglenwold November 24, 2023 Page 2

- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies in internal control relevant to the audit of the financial statements that we have identified during the audit.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going-concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the financial statements (including the disclosures) and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatements may not be detected, even though the audit is properly planned and performed in accordance with Canadian generally accepted auditing standards.

#### Form and Content of Audit Opinion

Unless unanticipated difficulties are encountered, our report will be substantially in the following form:

To the Mayor and Council of Summer Village of Norglenwold

#### Opinion

We have audited the financial statements of Summer Village of Norglenwold (the Summer Village), which comprise the statement of financial position as at December-31-23, and the statements of operations and accumulated surplus, changes in net financial assets, and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Summer Village as at December 31, 2023 and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Summer Village in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Summer Village's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Summer Village or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Summer Village's financial reporting Page 3 of 8

process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Summer Village's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Summer Village's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Summer Village to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

If we conclude that a modification to our opinion on the financial statements is necessary, we will discuss the reasons with you in advance.

#### The Responsibilities of Management

Our audit will be conducted on the basis that management and, where appropriate, those charged with governance acknowledge and understand that they have responsibility:

- a. For the preparation and fair presentation of the financial statements in accordance with the Canadian public sector accounting standards;
- b. For the design and implementation of such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; and
- c. To provide us with timely:
  - i. Access to all the information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation and other matters;

- ii. Information about all known or suspected fraud, any allegations of fraud or suspected fraud and any known or probable instances of non-compliance with legislative or regulatory requirements;
- iii. Additional information that we may request from management for the purpose of the audit; and
- iv. Unrestricted access to persons within Summer Village of Norglenwold from whom we determine it necessary to obtain audit evidence.
- a. We will make inquiries of management about the representations contained in the financial statements. At the conclusion of the audit, we will request from management [and, where appropriate, those charged with governance] written confirmation concerning those representations. If such representations are not provided in writing, management acknowledges and understands that we would be required to disclaim an audit opinion.
- b. We will communicate any misstatements identified during the audit other than those that are clearly trivial. We request that management correct all the misstatements communicated.

#### Communications

In performing our services, we will send messages and documents electronically. As such communications can be intercepted, misdirected, infected by a virus, or otherwise used or communicated by an unintended third party, we cannot guarantee or warrant that communications from us will be properly delivered only to the addressee. Therefore, we specifically disclaim, and you release us from any liability or responsibility whatsoever for interception or unintentional disclosure of communications transmitted by us in connection with the performance of this Engagement. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from such communications, including any that are consequential, incidental, direct, indirect, punitive, exemplary or special damages (such as loss of data, revenues, or anticipated profits).

If you do not consent to our use of electronic communications, please notify us in writing.

#### Use of Information

It is acknowledged that we will have access to all information about identified individuals ("personal information") in your custody that we require to complete our Engagement. Our services are provided on the basis that:

- a. You represent to us that management has obtained any required consents for our collection, use, disclosure, storage, transfer and process of personal information required under applicable privacy legislation and professional regulation; and
- b. We will hold all personal information in compliance with our Privacy Statement.

### Use and Distribution of Our Report

The examination of the financial statements and the issuance of our audit report are solely for the use of Summer Village of Norglenwold and those to whom our report is specifically addressed by us. We make no representations or warranties of any kind to any third party in respect of these financial statements or our audit report, and we accept no responsibility for their use by any third party or any liability to anyone other than Summer Village of Norglenwold.

For greater clarity, our audit will not be planned or conducted for any third party or for any specific transaction. Accordingly, items of possible interest to a third party may not be addressed and matters may exist that would be assessed differently by a third party, including, without limitation, in connection with a specific transaction. Our audit report should not be circulated (beyond Summer Village of Norglenwold) or relied upon by any third party for any purpose, without our prior written consent.

You agree that our name may be used only with our prior written consent and that any information to which we have attached a communication be issued with that communication, unless otherwise agreed to by us in writing.

#### **Reproduction of Auditor's Report**

If reproduction or publication of our audit report (or reference to our report) is planned in an annual report or other document, including electronic filings or posting of the report on a website, a copy of the entire document should be submitted to us in sufficient time for our review and approval in writing before the publication or posting process begins.

Should some of the information in the annual report not be available until after the date of the auditor's report, we will request management to provide a written representation that the final version of the document(s) will be provided to us when available (and prior to its issuance) so we can complete our required procedures.

Management is responsible for the accurate reproduction of the financial statements, the auditor's report and other related information contained in an annual report or other public document (electronic or paper-based). This includes any incorporation by reference to either full or summarized financial statements that we have audited.

We are not required to read the information contained in your website or to consider the consistency of other information on the electronic site with the original document.

#### **Preparation of Schedules**

We understand that your employees will prepare certain schedules and locate specified documents for our use before our Engagement is planned to commence.

This assistance will facilitate our work and help to minimize our costs. Any failure to provide these working papers or documents on a timely basis may impede our services and require us to suspend our services or even withdraw from the Engagement.

#### Ownership

The working papers, files, other materials, reports and work created, developed or performed by us during the course of the Engagement are the property of our firm, constitute our confidential information and will be retained by us in accordance with our firm's policies and procedures.

Such software, spreadsheets and other intellectual property must not be copied, distributed or used for any other purpose. We also do not provide any warranties in relation to these items and will not be liable for any lost or corrupted data or other damage or loss suffered or incurred by you in connection with your use of them.

File reviewers are required to maintain confidentiality of client information.

Page 6 of 8

### **Estimated Fees**

We estimate that our fees for these services will be \$32,000 (for all 5 Summer Villages) for the financial statement audit, plus direct out-of-pocket expenses and applicable GST. This fee estimate is based on:

- a. The anticipated cooperation from all your personnel in preparing the requested information on a timely basis;
- b. The ongoing assistance of personnel throughout the Engagement; and
- c. The assumption that unexpected circumstances will not be encountered.

If significant additional time is likely to be incurred, we will discuss the reasons with you and agree on a revised fee estimate before we incur the additional costs.

### **Costs of Responding to Government or Legal Processes**

In the event we are required to respond to a subpoena, court order, government agency or other legal process for the production of documents and/or testimony relative to information we obtained and/or prepared during the course of this Engagement, you agree to compensate us at our normal hourly rates for the time we expend in connection with such response and to reimburse us for all of our out-of-pocket costs (including applicable GST) incurred.

#### Termination

Management acknowledges and understands that failure to fulfill its obligations as set out in this engagement letter will result, upon written notice, in the termination of the Engagement.

Either party may terminate this agreement for any reason upon providing written notice to the other party [not less than 30 calendar days before the effective date of termination]. If early termination takes place, Summer Village of Norglenwold shall be responsible for all time and expenses incurred up to the termination date.

If we are unable to complete the audit or are unable to come to a conclusion on the financial statements, we may withdraw from the audit before issuing an auditor's report, or we may issue a denial of assurance on the financial statements. If this occurs, we will communicate the reasons and provide details.

#### Not Liable For Any Failures or Delays Beyond Our Control

We will use all reasonable efforts to complete the engagement as described in this letter within the agreed-upon time frames. However, we shall not be liable for failures or delays in performance that arise from causes beyond our control, including the untimely performance by your Summer Village of its obligations.

### SERVICE STANDARDS/EXPECTATIONS: General Tax Penalty Relief Principles

- 1. Administration retains the ability to cancel or refund all or part of a property tax penalty if it is determined that the Taxation Department has made an error, omission, or misrepresentation in the administration of the tax account in question.
- 2. Administration retains the ability to cancel the property tax penalty if there is a clear "post marked" payment time/date stamp which identifies it as being paid on or before the July 31<sup>st</sup> and or December 31<sup>st</sup> deadline due dates.
- 3. When considering a request for property tax reduction, cancellation, refund or deferral, Council shall take into consideration the following principles:
  - a. Fairness and equity to all taxpayers;
  - b. Sustainability of municipal revenues;
  - c. Predictability, stability and efficiency of the tax levy due date process.
- 4. All property owners seeking Tax Penalty Relief shall follow the prescribed administrative process which entails the following:
  - a. Property owners shall first dialogue with the administrative Finance Department as to the nature of their request for Tax Penalty Relief.
  - b. If the Finance Department is of the opinion that no error has occurred in the administration of the tax account, then the request for Tax Penalty Relief shall be referred to Council.
  - c. Property owners then must complete the standardized "Request for Property Tax Penalty Relief" application form, which is available via the Finance Department upon request; and
  - d. The tax penalty in question, should be paid by the property owner to avoid further penalties being incurred.
- 5. Council shall not be bound by precedent for any prior decisions it has made relative to request for Property Tax Penalty Relief.
- 6. Council's decision on a request for Property Tax Penalty Relief is considered final. There is no further recourse available, and the matter is considered closed.

### Permissible Property Tax Penalty Relief Categories

7. Compassionate Grounds:

Council may provide Property Tax Penalty Relief for property tax penalties incurred by the property owner. Tax Penalty Relief is typically only available for current taxation year penalties. The following extenuating circumstances may be considered by Council:

- a. Death or critical illness occurred in the Immediate Family of the property owner; and
- b. Any other extenuating circumstance, that in the opinion of Council merits compassionate Property Tax Penalty Relief, given the severity of the situation such as a bona fide need.

### Non-Permissible Tax Relief Categories

While the granting of property Tax Penalty Relief remains at the discretion of Council, the following categories of requests generally are deemed to **not** qualify for Tax Relief:

- 8. Failure to Receive a Property Assessment and Tax Notice:
  - a. Non-receipt of a property assessment and tax notice is typically not a permissible reason for request for relief from a tax penalty.
    - Section 310 311 of the MGA stipulates that the Municipality only has the obligation to ensure notices have been sent. The Municipality is not under legislative obligation to ensure physical receipt of the notice by the property owner.
  - b. Common Examples include, but are not limited to:
    - i. Failure of receipt due to unanticipated Canda Post strike or other mail delivery disruption;
    - ii. Incorrect ownership or mailing address information was registered at LTO, regarding the property in question; and
    - iii. General disappearance of the notice due to mis-delivery, loss, theft or destruction.
- 9. Payment Errors or Delays:
  - a. Payment errors and/or delays, resulting in late payment, are not typically a permissible reason for request for relief from a tax penalty.
  - b. Common examples are not limited to:

F-1-C

- Incorrect use of electronic information caused an error or delay in receipt of tax payment (ie: wrong email address used for e-transfer payments);
- ii. Financial institution processed tax payment incorrectly or with delay;
- iii. Use of unidentified payment terms that are not specified on back of property assessment and tax notice;
- iv. Errors, delays, misunderstanding or non-communications in the conveyancing, transfer of title, or property registration process, by property owners, lawyer, agents or LTO, resulting in late payment of property taxes;
- v. Property owner was on vacation, out of country or similarly physically unable to make payment prior to tax payment deadline; and
- vi. Payment was put in mail, but not picked up or post-marked on or before the July 31<sup>st</sup> and/or December 31<sup>st</sup> deadline due date.
- vii. General late payment of property taxes, with no specific reason for lateness.
- 10. Tax Relief of Other Charges:
  - a. Charges, levies, or amounts added to the tax roll that do not relate to the annual property assessment and taxation process, are not a permissible reason for request for Property Tax Penalty Relief from a tax penalty.
  - b. Common examples include, but are not limited to:
    - i. Fees and charges arising from the tax recovery process;
    - ii. Service fees for returned tax payments;
    - iii. Unpaid municipal bylaw violation charges;
    - iv. Utility consumption or installation charges;
    - v. Fire/Emergency Services Fees charged to property (ie; false alarms, emergency response); and
    - vi. Any penalties, interest, or other charges related to those amounts.

### **PROCEDURE:**

Review of Property Tax Penalty Cancellation Requests

- Administration shall present all requests for property tax penalty relief to Council at the next meeting of Council after it has been received. This shall be done at an open public meeting of Council as Council's decisions on these matters have an impact on all property owners due to financial consequences to the Municipality.
- 2. Once Council has made their decision under a recorded meeting resolution number, Administration will then advise the property owner of Council's decision in writing within 3 business days.

Agenda Item: Fire Pits on Sylvan Lake

## Background:

Administration has received the attached letter from Mayor Hanson from the Town of Sylvan Lake inquiring if neighbouring municipalities would be interested in adopting a strategy similar to the Take it Off Program to promote responsible practices regarding fires on the ice. It is being proposed that everyone should start advocating for the use of fire pits rather than having fires directly on the ice which would enhance safety and contribute to preserving the condition of the lake.

## **Options for Consideration:**

- 1) Council to discuss and support the proposal from Mayor Hanson.

Summer Village of Norglenwold #2 Erickson Drive Sylvan Lake, Alberta T4S 1P5

Dear Mayor Gurevitch and Council,

#### Re: Fire Pits on Sylvan Lake

I am reaching out to discuss a matter of shared concern that has been brought to our attention by our residents. It pertains to the debris left on the lake after the conclusion of the ice fishing season.

I would like to commend all of us for the collective success we achieved when we collaborated to advocate for and communicate a specific date for the removal of ice fishing shacks from the lake and registration process of these shacks. Our joint efforts not only streamlined the process but also contributed significantly to maintaining the ecological balance of Sylvan Lake.

In light of this success, I am writing to inquire whether there is interest among our neighbours in adopting a similar strategy to promote responsible practices regarding fires on the ice. Specifically, we are considering advocating for the use of fire pits rather than having fires directly on the ice. This measure would not only enhance safety but also contribute to preserving the pristine condition of our beloved lake.

Furthermore, it is crucial for us to emphasize the importance of leaving no litter behind and the continuation of the 'leave no trace' campaign. We are all aware that the debris left on the ice can have detrimental effects on the lake's health once it melts. Therefore, I propose that we collectively encourage all residents and visitors to remove any litter they bring onto the lake.

To discuss these matters further and explore potential strategies, I suggest that we consider organizing a meeting for those that have a willingness to discuss. We would be happy to schedule a suitable meeting time for all involved parties.

I look forward to your thoughts on this proposal and the possibility of working together to ensure the continued well-being of Sylvan Lake. Please let us know if there is interest in pursuing this matter further, and we can take the next steps toward organizing a meeting.

Thank you for your attention to this important issue.

Sincerely,

Megan Hanson, Mayor Town of Sylvan Lake

# Advocacy Report

While Parkland continues to move ahead with its advocacy activities in conjunction with Yellowhead Regional Library (YRL), efforts to maintain advocacy momentum with the other library systems has proven more difficult.

One important note, at Parkland's September board meeting where the 2021 budget was approved by the board, the following motion was made:

Motion by Joy-Anne Murphy to advocate to the government that the GOA provide annual cost of living increases in the future as well as cost of living catch up funding for library operating grants.

After much discussion, the following collective actions were decided to be taken by PRLS and YRL at their Advocacy Committee meeting:

- YRL will book a table for the RMA and Alberta Municipalities trade shows. Parkland will be looking for board members to volunteer.
- YRL and PRLS will advocate the GOA for improved SuperNet. Parkland (or YRL) should send out a notice in January for a meeting in February 2024 to see if the other systems want to lobby the provincial government for increased SuperNet bandwidth
- PRLS' Director and Chair need to visit Parkland's MLAs
- The committee will pursue ongoing inflationary adjustments for library grants. The committee will send any letters produced to other systems to sign in support.

# **Marketing Report**

Parkland's October marketing initiatives were very successful. Staff reported the following results:

- 3<sup>rd</sup> annual Golden Ticket Contest There were 36 participating libraries and 601 total entries, which is a 26% increase from 2022. The winner was Martina from Clive, who was excited to receive the West Edmonton Mall Trip package.
- Library Card Sign-Up and Renewal Contest The library card sign-up and renewal contest had 1,071 entries. There were 5 winners of \$100 visa gift cards from Stettler, Innisfail, Cremona, Water Valley, and Ponoka.

In 2023 Parkland sent out 8,750 bookmarks, 275 brochures, 750 flyers, and 900 stickers to member libraries to help them market their services in a professional and appealing manner.

This last summer, Parkland staff visited Olds, Rimbey, Hughenden, and Sylvan Lake libraries with a professional photographer and videographer to take photos and videos for libraries to use in their marketing materials. <u>https://www.youtube.com/watch?v=3AD6Wqu5HGY&list</u> <u>=PLNh8ewjLSG3JhONRtyUo612NKABgvcbEu</u>

CARRIED PRLS 60/2023

### 3.3. Marketing and Advocacy Report

Gilliat turned the meeting over to Gord Lawlor, who gave a verbal report regarding Advocacy efforts since the last board meeting.

While Parkland continues to move ahead with its advocacy activities in conjunction with Yellowhead Regional Library (YRL), efforts to maintain advocacy momentum with the other library systems has proven more difficult.

Since Parkland and Yellowhead were the primary forces behind the Systems Advocacy Committee, Yellowhead Board Chair Hank Smit sent an email to the Chairs of the other five library systems to see if they still believed collective advocacy was desired or needed. Smit received no responses to his email.

One important note, at Parkland's September board meeting where the 2021 budget was approved by the board, the following motion was made:

Motion by Joy-Anne Murphy to advocate to the government that the GOA provide annual cost of living increases in the future as well as cost of living catch up funding for library operating grants.

After much discussion, the following collective actions were decided to be taken by PRLS and YRL at their Advocacy Committee meeting:

- YRL will book a table for the RMA and Alberta Municipalities trade shows
- YRL and PRLS will advocate the GOA for improved SuperNet. Parkland (or YRL) should send out a notice in January for a meeting in February 2024 to see if the other systems want to lobby the provincial government for increased SuperNet bandwidth
- PRLS' Director and Chair need to visit Parkland's MLAs
- The PRL/YRL Advocacy Committee will invoice the other systems for material provided in the future
- The committee will pursue ongoing COLA for library grants. The committee will send any letters produced to other systems to sign in support
- Parkland Staff need to find and evaluate the trade show banners used by the systems to see if they need replacing
- For RMA in March 2024, Gord Lawlor and Stephen Levy will volunteer to work a systems booth at the trade show other volunteers are needed form the board

The Advocacy Committee also discussed strategies to engage Parkland board members to be effective advocates for the system in particular, and libraries in general.

Hailey Halberg then gave the Marketing Report. Parkland's October marketing initiatives were very successful Staff reported the following results:

- **3<sup>rd</sup> annual Golden Ticket Contest** There were 36 participating libraries and 601 total entries, which is a 26% increase from 2022. The winner was Martina from Clive, who was excited to receive the West Edmonton Mall Trip package.
- Library Card Sign-Up and Renewal Contest The library card sign-up and renewal contest had 1,071 entries. There were 5 winners of \$100 visa gift cards from Stettler, Innisfail, Cremona, Water Valley, and Ponoka.
- **Internal Membership Drive** There were over 1,700 new cardholders for October 2023 a new record! The last highest was in September of 2019 with 1,497 new cardholders. Alix Public Library won with 146 new members and renewals Over 10% of their population!

In 2023 Parkland sent out 8,750 bookmarks, 275 brochures, 750 flyers, and 900 stickers to member libraries to help them market their services in a professional and appealing manner.

This last summer, Parkland staff visited Olds, Rimbey, Hughenden, and Sylvan Lake libraries with a professional photographer and videographer to take photos and videos for libraries to use in their marketing materials. Halberg then showed the finished video to the board.

### 3.4. Election of Advocacy Committee

The volunteers for the Advocacy Committee for 2023/2024 are:

Jul Bissell – Village of Elnora Teresa Cunningham – Town of Penhold Todd Dalke – Town of Sundre Elaine Fossen – Village of Forestburg Gord Lawlor – Town of Stetter Stephen Levy – Village of Sedgewick Jordon Northcott – Clearwater County Ray Reckseidler – Village of Delburne Deb Smith – Village of Lougheed Harvey Walsh – Town of Olds

Motion by Twyla Hale to appoint Jul Bissell, Teresa Cunningham, Todd Dalke, Elaine Fossen, Gord Lawlor, Stephen Levy, Jordon Northcott, Ray Reckseidler, Deb Smith, and Harvey Walsh to the Advocacy Committee.

> CARRIED PRLS 61/2023

#### 3.5. Board Signing Authorities

Sheppard reviewed. Parkland Regional Library System requires that two trustees act as cheque signing authorities for cheques valued at \$45,000 or more, or, if the Director is unavailable to sign.

Gilliat and Twyla Hale volunteered.

Motion by Len Phillips to accept Barb Gilliat and Twyla Hale as PRLS' board signing authorities for 2023/2024.

CARRIED PRLS 62/2023

#### 3.6. Compensation Policy Working Group Report

Twyla Hale, who was on the Compensation Policy Working Group, gave a PowerPoint presentation to the board regarding the work of the committee and their recommendations for Parkland's new salary grid and Compensation Policy. As a result of the review, and over a year's worth of work, the board decided to implement a new nine step salary grid. Before this could be done, it was necessary to rescind a previous motion which called for the reduction of the grid to seven steps.

Motion by Ray Reckseidler to rescind motion PRLS 35/2022.

CARRIED PRLS 63/2023

## Page 25 of 63

Motion by Janice Wing to approve the 9-step salary grid for Parkland as well as the grids' corresponding compensation policy both to take effect January 1, 2025.

CARRIED PRLS 64/2023

Twyla Hale left the meeting at 11:37 a.m. Comfort break from 11:37 to 11:45 a.m.

### 3.7. Population Figures used by Parkland to Invoice Municipalities

Gilliat reviewed. In September, the following motion was passed by the board: *Motion by Joy-Anne Murphy for the Executive Committee to explore the implications of aligning the population figures used by Parkland for invoicing the municipalities with those used by the Government of Alberta for issuing public library operating grants.* 

After discussing the matter at length, Joy-Anne Murphy asked that this matter be brought back to the board in November to solicit input and assistance from board members to compile and present documents supporting amending the membership agreement. The idea would be to create a package to be presented to the board in February, which would allow the board to hear the pros and cons for opening the membership agreement. This request was supported by Smith who made the following motion which was passed by the Executive Committee:

Motion by Deb Smith to bring the issue of population figures for invoicing municipalities to the board for decision in February.

Deb Smith and Stephen Levy agreed to prepare documentation for supporting not opening the Parkland agreement for amendment. Shannon Wilcox, Carlene Wetthuhn, Todd Dalke, Bill Windsor, and Joy-Anne Murphy volunteered to present for opening the Parkland agreement for amendment.

Staff will assist all parties in document preparation, and will contact the volunteers so that presentations can be made to the board in February.

Joy-Anne Murphy left the meeting at 11:56 a.m.

### 3.8. Dates for 2024 Meetings

The board reviewed the dates for PRLS' 2024 board meetings.

February 22, 2024	10:00 a.m. – 12:00 p.m. (Annual Report, Year in Review)
May 16, 2024	10:00 a.m. – 12:00 p.m. (2023 Financial Statements presented)
September 12, 2024	10:00 a.m. – 12:00 p.m. (Budget presentation)
November 14, 2024	10:00 a.m. – 12:00 p.m. (Organizational meeting)

The Executive Committee will select their 2024 meeting dates at their December meeting following the November organizational board meeting.

## Page 26 of 63

Janice Wing suggested that in the future, the proposed Board meeting dates be brought to the board at their September 2025 meeting, to make it easier for board members to plan.

Motion by Deb Smith to receive for information.

CARRIED PRLS 65/ 2023

Cal David left the meeting at 12:06 p.m.

### 3.9. Board Meetings – Virtual or in-Person?

Sheppard reviewed. For 2023, the Parkland Board chose to hold two virtual meetings (February and November) and two in-person meetings (May and September).

At their October 19<sup>th</sup> meeting, the Parkland's Executive Committee made the following motion recommending that for 2024 the board hold two virtual and two in-person meetings as in 2023.

Motion by Jamie Coston to recommend to the board that board meetings for 2024 remain with the May and September meetings being in-person and the February and November meetings being virtual.

### CARRIED

There are advantages and disadvantages to both in-person and virtual board meetings. In addition, from a desire to enhance the transparency of board discussions and decisions, the Executive Committee made the following motion requiring that all board meetings be recorded.

Motion by Janice Wing to recommend to the board that all board meetings be recorded and posted publicly.

### CARRIED

If the board chooses to hold in-person meetings, there would be an extra cost to recording the meetings, as staff would have to purchase equipment to do so. If meetings are entirely virtual, then there would be no additional cost since Zoom meeting are recorded already.

Since library board meetings are public meetings there is no expectation of privacy.

Parkland's board meetings could be posted on our website just as many municipal councils do. Having Parkland's meetings online would be an excellent way to counter misinformation.

Jas Payne left the meeting at 12:10 p.m.

### Advocacy Report

While Parkland continues to move ahead with its advocacy activities in conjunction with Yellowhead Regional Library (YRL), efforts to maintain advocacy momentum with the other library systems has proven more difficult.

One important note, at Parkland's September board meeting where the 2021 budget was approved by the board, the following motion was made:

Motion by Joy-Anne Murphy to advocate to the government that the GOA provide annual cost of living increases in the future as well as cost of living catch up funding for library operating grants.

After much discussion, the following collective actions were decided to be taken by PRLS and YRL at their Advocacy Committee meeting:

- YRL will book a table for the RMA and Alberta Municipalities trade shows. Parkland will be looking for board members to volunteer.
- YRL and PRLS will advocate the GOA for improved SuperNet. Parkland (or YRL) should send out a notice in January for a meeting in February 2024 to see if the other systems want to lobby the provincial government for increased SuperNet bandwidth
- PRLS' Director and Chair need to visit Parkland's MLAs
- The committee will pursue ongoing inflationary adjustments for library grants. The committee will send any letters produced to other systems to sign in support.

### **Marketing Report**

Parkland's October marketing initiatives were very successful. Staff reported the following results:

- 3<sup>rd</sup> annual Golden Ticket Contest There were 36 participating libraries and 601 total entries, which is a 26% increase from 2022. The winner was Martina from Clive, who was excited to receive the West Edmonton Mall Trip package.
- Library Card Sign-Up and Renewal Contest The library card sign-up and renewal contest had 1,071 entries. There were 5 winners of \$100 visa gift cards from Stettler, Innisfail, Cremona, Water Valley, and Ponoka.
- Internal Membership Drive There were over 1,700 new cardholders for October 2023 – a new record! The last highest was in September of 2019 with 1,497 new cardholders. Alix Public Library won with 146 new members and renewals – Over 10% of their population!

In 2023 Parkland sent out 8,750 bookmarks, 275 brochures, 750 flyers, and 900 stickers to member libraries to help them market their services in a professional and appealing manner.

This last summer, Parkland staff visited Olds, Rimbey, Hughenden, and Sylvan Lake libraries with a professional photographer and videographer to take photos and videos for libraries to use in their marketing materials. <u>https://www.youtube.com/watch?v=3AD6Wqu5HGY&list</u> <u>=PLNh8ewjLSG3JhONRtyUo612NKABgvcbEu</u>

Subject: 2022 Municipal Indicator Results: Summer Village of Norglenwold (0237)

Tanner Evans Chief Administrative Officer Summer Village of Norglenwold

Dear Tanner,

Alberta Municipal Affairs annually reports a performance measure that identifies the percentage of municipalities deemed to 'not face potential long term viability challenges based on their financial and governance indicators'. This performance measure is used as a benchmark for measuring the ministry's efforts to ensure Albertans live in viable municipalities and communities with responsible, collaborative and accountable local governments.

The performance measure is based on analysis of 13 municipal indicators. Each of the 13 municipal indicators has a defined benchmark. A municipality is 'not deemed to face potential long term viability challenges' as long as it does not flag a critical indicator or three or more non-critical indicators.

The ministry compiled and verified the data collected from Alberta's municipalities for the 2022 financial year and is pleased to inform you that your municipality did not flag any indicators for this year's municipal indicator results reporting.

Municipal indicator results are available on the online Municipal Indicator Dashboard (<u>www.alberta.ca/municipal-indicators</u>).

If you would like to discuss your results or the future release of these results on the Municipal Affairs website, please contact the Municipal Services Division at toll-free 310-0000, then 780-427-2225, or via email at <u>ma.advisory@gov.ab.ca</u>.

Thank you,

Gary Sandberg Assistant Deputy Minister

# MESSAGE FROM THE PREMIER OF ALBERTA

On behalf of the Government of Alberta, it is my pleasure to welcome everyone to the 65<sup>th</sup> annual Association of Summer Villages of Alberta (ASVA) conference and annual general meeting.

Summer villages have played an important role in Alberta's history, and since its inception in 1958, the ASVA has been integral in lake stewardship. Summer villages have grown to offer year-round activities and amenities, and to help share vital information with their residents. That is clearly demonstrated in the focus on emergency management at this year's conference.

Congratulations to the current and former board members of the ASVA for 65 years of success as you continue to advocate for the 51 Alberta summer villages you serve. I am grateful for the hours you put in serving your communities.

Best wishes for an excellent conference and annual general meeting.

Honourable Danielle Smith, Premier of Alberta

### MESSAGE FROM THE PRESIDENT

The ASVA is celebrating its 65th year of existence and successful work on behalf of our members. It was back in 1958 that the Summer Villages got together to form the ASVA. The association came to life based on the successful advocacy work done by a few summer villages to increase infrastructure grant funding. Here we are 65 years later, still working together and advocating for changes to infrastructure funding on the new LGFF program.

Over those 65 years Summer Villages have changed. We are no

longer just seasonal recreational communities operating for only a portion of the year. The growth in permanent year-round dwellings and Residents has been phenomenal. In the last decade there are many Summer Villages that have grown as fast as Alberta's large cities. Now, fifty percent of the Summer Villages are similar in size to a regular Village.

As more people choose to live in Summer Villages, that drives the need for year-round infrastructure. Like all other municipalities, Summer Villages now require all-weather roads, water and waste water systems, municipal buildings, trail systems, recreational facilities, and broad band.

Today, Summer Villages are vibrant communities that have many residents living there yearround and with many more residents utilizing their lake home throughout the entire year. Summer Villages have become sustainable municipalities that are a well-respected, recognized level of government and stewards of our lakes.

In closing, I would like to take this opportunity to thank all of the past ASVA Board members and Executive Directors that came before us. Their work provided a strong foundation for the association. I also want to thank the current Board members for their dedication and hard work representing our members. We were fortunate to have Kathy Krawchuck join us this year as Executive Director. Her knowledge and experience in local municipal government will serve our members well. I am happy to say that all Summer Villages remain as ASVA members. The ASVA has never been stronger and we are well positioned for the future.

Rachal

Mike Pashak

### ASVA - 2022/2023 Accomplishments, Successes, and Challenges

#### <u>Vision</u>

Summer Villages are sustainable, year-round municipalities that are a well-respected, recognized level of government and advocate on behalf of our lake and river environments.

#### **Mission**

Inspire and support Summer Villages to achieve strong and effective local government through advocacy, communication, and education.

The ASVA continues to work with our sister organizations, Alberta Municipalities (ABmunis) and Rural Municipalities Association (RMA), on common issues. We continue to educate them on key priorities for Summer Villages and to garner their support on those priorities.

This past year ASVA was very pleased to welcome Kathy Krawchuk as our new Executive Director. Kathy brings a wealth of knowledge to the role having been in local municipal government her entire career and with 12 years as a CAO.

Our largest advocacy work was the Local Government Fiscal Framework (LGFF). The ASVA President met multiple times with ABmunis, RMA, and the Minister of Municipal Affairs and department staff to share our thoughts on the issue. Last October, the ASVA submitted a proposal to Municipal Affairs on how the funds in the new LGFF program should be allocated between municipalities. This proposal was shared with members at the 2022 ASVA annual conference. This summer Municipal Affairs shared their preliminary proposal for the allocation formula and asked for feedback. Although ASVA agrees with the majority of their proposed allocation factors, the base funding for Summer Villages is significantly below what ASVA and ABmunis had proposed. The ASVA has provided comments on their proposal. Minister Ric McIver has indicated that the LGFF allocation formula will be finalized before year end.

The ASVA Board of Directors updated its strategic plan in 2022. This new plan focuses on these four goals:

- 1. ASVA is recognized as the primary advocate for and on behalf of Summer Villages.
- 2. ASVA plays a key role ensuring SVs are informed on critical issues and that SVs have the knowledge and skills that enhance their capacity to deliver municipal services.
- 3. ASVA will deliver projects to enhance the autonomous nature of SVs and strengthen the SVs' capacity to deliver municipal services within their communities.
- ASVA will model to ASVA members effective governance by actively improving its Board governance practices.

## Page 43 of 63

The updated strategic plan had ASVA focus on its internal governance, protocol, and practices. That work allowed the ASVA to tweak its Vision and Mission statements to better support our members. We also updated a number of policies to strengthen our financial management and to provide succession planning.

The ASVA conducted a Board Effectiveness Survey. ASVA wanted to ensure that the ASVA Board continues to function effectively and will review its performance by conducting a formal assessment each year. The survey identified a number of opportunities for improvement. The Board has completed improvements. This work dovetailed nicely with our strategic plan.

The ASVA developed an Executive Director Performance Review Policy. This will be an annual activity for the ASVA Board and HR committee. It is important that the ASVA Board be aligned and provide the right support for the Executive Director.

The 2023 Alberta Election saw the UCP return to government. With the election over there are a number of familiar faces returning to key positions within the government. The majority of Summer Villages (44 of 51) have the same MLA returning.

The ASVA President also serves on ABmunis Board of Directors representing Summer Villages. He attended the Summer Municipal Leaders Conference meetings in Delburne and Spruce Grove. The topics included potable water issues in the province, future of intermunicipal collaboration policy, and a debrief on the Alberta election. Each meeting had approximately 60 participants. Local MLAs attended to give greetings. One of things noticed was the Summer Village attendance at these events is minimal. The topics are usually relevant to Summer Villages and future work will be done to encourage more attendance at this type of event.

ASVA supported the SV Half Moon Bay to create a golf cart resolution that was accepted by ABmunis for inclusion in the upcoming convention. The resolution states, "IT IS THEREFORE RESOLVED THAT Alberta Municipalities advocate for the Government of Alberta to make changes to the Alberta Traffic Safety Act and regulations plus the Use Of Highway And Rules Of The Road Regulation that would allow Municipalities, if they so desire, to approve the use of golf carts on certain approved roads and public lands within their municipality." Thanks to Curtis Schoepp, SV Whispering Hills, for bringing this issue forward and leading the charge for change. British Columbia and Ontario currently have pilot projects underway and earlier this year Saskatchewan went directly to allowing golf carts with Municipal bylaws approving their use.

ASVA Forest Health and Management pilot project was successfully completed this past year. The main purpose of this project was to provide direct education and professional support to Summer Villages about the value of proper management of trees and forests in a rural community setting. The project provided 11 Summer Villages with the opportunity to receive

## Page 44 of 63

professional advice and assistance on tree and forestry management. Each Summer Village was provided a written report.

The Minister of Municipal Affairs released the new Municipal Census Regulation and Municipal Census Manual on April 11, 2023. The new Regulation and census manual will allow municipalities to conduct their own census starting in 2024. The Ministry will accept municipal census data going forward for the purposes of determining population and potentially for use in grant funding. The regulation includes the collection of Temporary Resident population. Further work by ASVA is required to understand how this classification will be used and if there a benefit for Summer Villages to conduct their own census.

Provincial Association of Resort Communities of Saskatchewan (PARCS), who knew there were other associations like us. The ASVA President had an opportunity this year to interact with the PARCS President. Their issues are similar to our issues. It was interesting to hear how similar our two organizations are including part-time Executive Directors. Saskatchewan has 40 resort villages that are typically located on the shoreline of a lake. Saskatchewan's largest and smallest resort villages are Candle Lake and Lumsden Beach with populations of 765 and 10 respectively. PARCS was founded in 1983, and like ASVA, it was a group that recognized the need for a collective voice for issues relating specifically to Resort Villages. The ASVA will continue to build the relationship with PARCS and looks forward to the benefits that will come from that relationship.

In the upcoming year, the ASVA will continue to work its key priorities such as LGFF, Municipal Census regulations, identification of future grant programs, Aquatic Invasive Species and lake health, the need for improved policing and bylaw enforcement, water and wastewater systems, and rural health issues. We will also follow the Government of Alberta's work related to reviewing the feasibility of amending the Education Property Tax to assist municipalities with retaining more funding for local priorities. We will continue to look for opportunities to participate on various committees that deal with provincial issues and initiatives.

## Re: Summer Village of Norglenwold's Municipal Support for the Red Deer River Watershed Alliance

Dear Summer Village of Norglenwold,

Thank-you for your ongoing support of the RDRWA, the designated Watershed Planning and Advisory Council for the Red Deer River Basin (RDRB). This letter provides an update on the RDRWA's recent activities and our municipal funding process for our 2024-2025 fiscal year.

#### Who We Are

The Red Deer River Watershed Alliance was established in 2005 and is one of 11 Watershed Planning and Advisory Councils (WPACs) which partner in the delivery of Alberta's Water for Life Strategy. We are a multi-sector, not-for-profit organization that facilitates watershed management. Our vision is that the watershed will be healthy, dynamic, and sustainable through the efforts of the entire community. Our renewed WPAC mandate and roles agreement (Environment and Protected Areas and RDRWA 2022) specifies RDRWA will lead and ongoing collaborative process to:

- report on the State of the Watershed,
- further develop and implement the Integrated Watershed Management Plan,
- inform, educate, and engage on Water Literacy and Watershed Stewardship, and
- serve as a Convenor and Collaborator on watershed issues.

#### An Ongoing Relationship

The Summer Village of Norglenwold plays a key role in the RDRWA both as a partner and funder. **We rely on funding from municipalities (50 cent per capita funding)**, and together, municipalities contribute approximately 20% of the RDRWA's annual funding. Our records show that the Summer Village of Norglenwold has been a longstanding supporter of the RDRWA, and we hope to see that relationship continue in 2024-2025. Consistent core funding from our partners is integral to the operations of WPACs and helps to directly support our ability to lead projects with adequate staff and resources.

The RDRWA recognizes the role of municipalities as major water and land-use decision-makers and community leaders. Over the past 19 years, our organization has developed many resources to

maintain and protect watershed health. The RDRWA's work benefits the Summer Village of Norglenwold by providing watershed assessment, programming and regional planning materials to assist with local decisions and planning with community health and prosperity benefits including source protection, flood and drought resiliency, recreational and ecosystem health.

#### Update on Activities

Highlights from our <u>2022-2023 Annual Report</u> and upcoming activities include:

- **Fall Forum**: Members and the public enjoyed reconnecting at Sylvan Lake in a joint 2 -day <u>Fall Forum</u> and ALMS conference on Sept. 12 & 13.
- WPAC Summit in the Red Deer River Basin: On October 12 & 13 the RDRWA hosted other WPACs staff and directors along with watershed partners from across the province in Drumheller to shared and learn from each other.
- State of the Watershed Assessment: The RDRWA is working with partners to assess and update the <u>state of the watershed report</u> (2009) which will be helpful for regional decision making and to inform shared initiatives for Integrated Watershed Management Planning (<u>IWMP</u>).

Mapping and assessing riparian areas for source water protection and flood and drought resilience benefits: Over the last few years, the RDRWA has been working on several projects to map riparian condition along the Medicine, Blindman, Buffalo, Kneehills, Threehills, and Little Red Deer River, and more recently in the Rosebud, Raven and Michichi subwatersheds. The resulting technical reports, municipal summaries and <u>data</u>, can be used to evaluate and support targeted restoration and conservation initiatives. The RDRWA will continue to work with partners, including the Summer Village of Norglenwold to develop materials and workshops in support of these projects and their associated benefits.

Thank-you again for being a key partner in watershed management. We hope the Summer Village of Norglenwold will continue to help fund the work of the RDRWA while participating in key events and programs. If you would like the RDRWA to send you an invoice, please contact Kelly Dodds at info@rdrwa.ca or by phone at 403-340-7379.

Sincerely,

Francine Trut
