Agenda Item: Norglenwold Public Works Update

Background:

The following will provide Council with an update on Public Works activities and follow up items:

Capital Projects:

- Road Pavement Report: Stantec to present road report information.
- Norglenwold had an average Pavement Quality Index (PQI) of 54. Highest priority areas are:
 - 2 sections of Grand Avenue on south end (PQI of 38 & 39) Poor condition
 - Sylvan Lane (PQI of 36) Poor condition
 - Last Chance way (PQI of 38) Poor condition
 - These specific areas pavement conditions are approaching the end of its service life, and the condition is below standard and shows signs of significant deterioration.

An average PQI of 54 means that the entire road system is in FAIR condition but some areas require attention. The roads show signs of deterioration and some deficiencies. The road system generally shows low to moderate surface distress.

- Snow plowing and ice control is ongoing the week of Jan 15 Jan 19. No major concerns or issues.
- Lakeview Contracting has been contacted to complete the work to install the boulders. Has been delayed due to the extreme cold during Jan 8 – Jan 14. Will be starting in next few weeks.
- Public Works has not removed barbed wire fence.

Administrative Recommendations:

That Council accepts this report as information.

Agenda Item: IDPC Terms of Reference

Background:

On October 23, 2023, the Sylvan Lake Intermunicipal Development Plan Committee (SLIDPC) met for the first time. At their meeting the SLIDPC discussed their terms of reference (attached), and it was supported by all 8 municipalities.

Administration is bringing the terms of reference forward today and asking for a resolution by Council to adopt the Sylvan Lake Intermunicipal Development Plan Committee Terms of Reference as presented.

Options for Consideration:

- 1) Council to review and adopt the SLIDPC Terms of Reference.
- 2) Council accept as information.

Administrative Recommendations:

1) Council to discuss and adopt the SLIDPC Terms of Reference.

Authorities:

MGA Section 3 Municipal Purposes

The purposes of a municipality are (b) to provide service, facilities or other things that, in the opinion of Council, are necessary or desirable for all or a part of the municipality.

SYLVAN LAKE INTERMUNICIPAL DEVELOPMENT PLAN COMITTEE Terms of Reference – March 2023

BACKGROUND

- 1) The Sylvan Lake IDP (SLIDP) is a collaborative effort of the eight municipalities surrounding Sylvan Lake. Sylvan Lake continues to attract considerable interest from people wishing to pursue a variety of residential and recreational developments. The SLIDP confirms the shared vision for the Plan Area to protect the environmental assets, ensure development supports the region and honors the diversity and uniqueness of the five summer villages, two counties, and one town.
- 2) The SLIDP has been developed based on the following shared values, which were used to create the SLIDP priorities and policies in the areas of land use, environment, recreation, infrastructure, and shared municipal services:
 - Collaboration and strengthening of relationships towards shared goals;
 - Maintaining a high quality of life for residents;
 - Protecting the environmental and watershed features, and recognizing interdependency in these efforts;
 - Respecting the autonomy of each municipality's decision making;
 - Sustainability for some municipalities it is about sustainable growth, for others sustainability of the current form;
 - Efficiency through shared services;
 - Agricultural viability; and
 - Respective economic development for each partner.
- 3) These terms of reference describe the role of the Committee and its operation in detail.

PURPOSE

- 4) The purpose of the SLIDP is to collectively protect the environment and watersheds, enable appropriate development, and support the diversity of municipalities in the Plan Area. A number of objectives and policies were created in the SLIDP.
- 5) The purpose of the Intermunicipal Development Plan Committee (IDPC) is to meet annually or on an as needed basis to monitor, review, discuss, and / or resolve any issues of mutual interest, or as opportunities arise (Policy 10.2.7).
- 6) According to Policy 10.2.8 of the SLIDP, the mandate of the IDPC shall include the following:
 - Oversight for the implementation of the SLIDP's policies and required follow-up studies/plans/initiatives;
 - Monitoring the SLIDP's progress;
 - Reviewing any proposed amendments to the SLIDP;
 - Reviewing any proposed annexations;
 - Discussing any other joint SLIDP opportunities that may arise; and
 - Assisting with the resolution of disputes.
- 7) Table 4 of the SLIDP is the Implementation Matrix. This is an assessment of the priorities within the SLIDP for follow-up action. Each of these actions will require funding and resources that will need to be determined and confirmed through the municipal budget approval process. For collaborative projects to proceed, the IDPC will confirm which projects will be pursued in any given year. All prioritized projects (collaborative and individual municipal) will be subject to municipal budget approvals and development standards in the year of implementation.

COMMITTEE COMPOSITION AND QUORUM

- 8) The Sylvan Lake IDPC shall be comprised of one Elected Official and one non-voting administrative staff member from each of the Partner Municipalities (Policy 10.2.6).
- 9) Quorum shall be five (5) voting members of the Committee.
- 10) The Partner Municipalities may appoint alternate Elected Officials for the Committee. It is the responsibility of the Elected Official who is not able to attend a meeting and requesting the alternate to fill in for them to ensure the alternate is up to date prior to the meeting.
- 11) Representatives from each municipality will be selected by their Council at their organizational meeting.

CHAIR OF COMMITTEE

- 12) The Chair and Vice Chair will be determined by vote at the first meeting following the municipal elections.
- 13) The Committee Chair and Vice Chair positions shall be elected by the members of the Committee from amongst the Elected Officials, and unless otherwise determined by the Committee shall normally serve for a term of four years with the position rotating between the Partner Municipalities.

- 20) Collaborative discussions are the intent focus is on the SLIDP as mutually beneficial overall and understanding that it is okay to recognize that key issues for some partners may not be important or applicable to other partners. - 21) It is recognized that individual municipal representatives may have to confer with their respective Councils and Administration from time to time before a decision can be reached. Opportunities for such consultations will be provided when requested by a Committee member with the understanding that they will be prepared to return for a discussion within 30 days. In the event that part or all of a recommendation is not supported by all members of the Committee, the rationale for the minority view will be communicated along with the recommendation.

Agenda Item: Bylaw Training

Background:

Back in October, Mayor Gurevitch inquired about Administration hiring a firm to facilitate training for our Municipal Planning Commission (MPC) and Subdivision and Development Appeal Board (SDAB) members on the Land Use Bylaw and Council's directive when having the new Land Use Bylaw drafted.

Administration has reached out to Municipal Planning Services (MPS), the same firm that wrote the new Land Use Bylaw, and they are prepared to host this training for all members. The quote received was for \$3,700 plus GST and is broken down as follows:

Preparatory time	\$1,300
Training Session (half day)	\$1,800
Follow Up Report	\$ 600
Total before GST	\$3,700

The training will be provided virtually and will consist of a half day session (approximately 4 hours) and will include the following:

- Training presentation for the Summer Village of Norglenwold MPC, SDAB, Board Members, and staff related to the new Land Use Bylaw
- A post-training session report that provides answers to questions related to the Land Use Bylaw asked at the training session.

To complete this training session, MPS staff will require a few preparation hours to adjust the MPC.SDAB training presentation to focus on the content in the new Land Use Bylaw and to develop scenarios for the attendees' consideration. The estimate of costs for this training session includes attendance by Jane Dauphinee and Brad MacDonald.

As the cost for this training has not been included in the 2024 budget, should Council wish to proceed, Administration recommends transferring the cost from the General Operating Reserve which currently has a balance of \$45,995.45.

Options for Consideration:

- 1) Council proceed with hiring MPS to faciliate LUB training to the MPC and SDAB members at a cost of \$3,700 plus GST.
- 2) Council accept as information.

Administrative Recommendations:

1) Council to discuss and provide direction to Administration.

Authorities:

MGA Part 17
Planning and Development
Section 617

The purpose of this part and the regulations and bylaws under this part is to provide means whereby plans and related matters may be prepared and adopted

- (a) to achive the orderly, economical and beneficial development, use of land and patterns of human settlement, and
- (b) to maintain and improve the quality of the physical environment within which patterns of human settlement are situated in Alberta, without infringing on the rights of individuals for any public interest except to the extent that is necessary for the overall greater public interest.

ENVIRONMENT AND PROTECTED AREAS

Office of the Minister

Dear Elected Municipal Leaders,

Alberta is currently in a significant drought. During summer 2023, several water basins reached critical drought conditions due to low rainfall and high temperatures. The world is also experiencing El Niño, a global phenomenon occurring for the first time in seven years. It's causing less snow and rain, along with higher temperatures, heightening the potential for significant drought into spring and summer 2024, particularly in southern Alberta.

Alberta has five stages in its water management plan. Ranging from Stage 1, which is a minor drought, to Stage 5, which is a province-wide emergency. We are currently in Stage 4. The Government of Alberta is closely monitoring the situation and working to be prepared in case the province faces a similar – or worse – drought next year. Staff from Environment and Protected Areas, along with Agriculture and Irrigation, are working with water licence holders, major water users, and other partners to develop water conservation plans and water-sharing agreements.

Alberta has stood up a Drought Command Team in the event of an emergency and an early first draft of a 2024 Drought Emergency Plan has been completed and is now being refined. We have also initiated drought modelling work that will allow the province to determine how to maximize the province's water supply. Alberta is considering a wide range of tools and approaches to respond to an emergency situation, including both regulatory and non-regulatory tools.

The province will also be striking an advisory panel of leaders to help provide advice in the months ahead. And we are preparing for the future, looking at what long-term infrastructure is needed to help manage water supplies for future generations.

However, municipal action is also needed. In order to be fully prepared for a severe drought, municipal leaders throughout Alberta will need to take action. From my time as the Minister of Municipal Affairs, I have had the pleasure of meeting and working with many of you, and I am confident that Albertans will find their municipal leaders are ready and willing to deal with this challenge head-on.

That's why I am writing to all municipalities to ask that the following be undertaken in the coming months:

- 1.) Initiate efforts to monitor water supply infrastructure proactively, paying particular attention to water intake relative to water levels.
- 2.) Begin a review of the terms of your municipality's water licence so you are aware of any conditions that may limit your ability to withdraw water during a drought.
- 3.) Alert municipal water managers to prepare to be engaged with officials from the Drought Command Team, should conditions within your municipal water licence need to be triggered.
- 4.) Develop a water shortage plan so your municipality is prepared to respond if water availability decreases.

We are asking all water users to start planning now to use less water in 2024. We are committed to providing information and supporting any additional conservation efforts that your municipality may adopt in the future.

Stay up-to-date on precipitation and water levels through the Alberta Rivers app or the Alberta Rivers Basins web page at rivers.alberta.ca. To learn more about the impacts of drought on communities and the principles for sound water management, please visit alberta.ca/drought.

Environment and Protected Area would like to hear from your water management staff on perceived risks of drought in 2024, what impacts it could have on your operations, and how your municipality plans to mitigate risks. To connect with our team, please email epa.drought@gov.ab.ca.

Alberta has navigated many droughts before and has a long, proud history of coming together during tough times. I know we can count on our municipal partners to work together in the face of adversity.

Sincerely,

Rebecca Schulz

Good Morning CAOs,

Hope everyone is staying warm.

As promised in our original email on LGFF Base Funding, the ASVA has put together a briefing note on the issue. Please share with your Councils as it will provide speaking points and additional background on the issue. This could be beneficial if your Councils have an opportunity to interact with their local MLA, Alberta Cabinet Ministers, or other municipal elected officials.

We continue to work with Municipal Affairs to gain better understanding on the LGFF Program guidelines in the following areas:

- Clause 5a time limits to use allocated funds
- Clause 8g maximum project commitment limit
- Borrowing Costs
- Section 12 project eligibility restrictions and, in particular, the two new measures introduced in that section.

Subject: ASVA response to Minister McIver Re: LGFF Capital Allocation Formula

Good afternoon,

Please see the email message below from ASVA's President, Mike Pashak, thank you.

Dear Members.

Happy New Year. Hope everyone enjoyed their Christmas season and the great winter weather we are having.

Attached you will find a letter to Minister McIver outlining the ASVA's concerns with the LGFF Capital Allocation formula and more specifically Base funding. Please share this information with all of your Council before January 12, which is 5 days before the ABmunis LGFF Town Hall. We will keep you up-to-date on any response we receive from the Minister's office. The ASVA is currently putting together speaking points and background information on the points made in the letter to the Minister for your use as needed. Our goal is to share that information with you in the next week or so.

The LGFF Capital Allocation program also introduced some new rules and changes from the old MSI program. In our initial review of the guidelines, we identified the following areas as possible concerns for Summer Villages:

- > Clause 5a. Funds are still able to be carried forward for five years. However, time extensions will no longer be permitted and any unspent amount will be reduced from future LGFF allocations
- > Section 6. Although not new this section may become more important as Summer Villages determine how Section 12 Project Eligibility Restrictions may impact them.
- > Section 7 discusses Asset Management planning and the need for a municipality to answer whether they have one or not.
- > Clause 8g, Maximum Project Commitment Limit. The ASVA is working with Municipal Affairs to understand how this and borrowing clauses might impact Summer Villages. We will provide updates as the information comes to us.
- > Section 12, Project Eligibility Restrictions. Two new measures are introduced that could impact the amount of LGFF received. This section also discusses core infrastructure, asset condition assessment, and asset management plan. It discusses the interplay between those items and eligibility restrictions.

There is still lots of work to do to fully understand the new LGFF program and the ASVA will continue to help Members through the process. If you have any specific areas that you would like ASVA to focus on, please send them to me and the Executive Director.
