

My name is Richard Sinclair and I am running as a candidate for Council in the Summer Village of Sunbreaker Cove 2024 by-election. My wife Jacqueline and I purchased our cabin on Pine Road in Sunbreaker Cove in 1992, and in 2018 we demolished our old cabin and built our home. We became permanent residents in 2019. We have many family memories of summers at the lake and we love the unique location and environment we have here on Sylvan Lake.

Prior to retirement I managed agribusinesses in Western Canada and Europe. I believe my experience in business and asset management, planning, budgeting and team leadership are skills that will help me contribute to the Council if I am elected. In the past I have been on boards for the Animal Nutrition Association of Canada both provincially and nationally, and I have also served on church leadership boards.

Being a full-time resident of Sunbreaker Cove, I have a strong interest in the continued development of our village and future initiatives. While I value our community history and spirit, I am also open to new ideas and would look forward to working with fellow residents and property owners.
