

# About Me

Roger Dufresne and his wife, Tammy, are full time residents at 325 Birchcliff Road. Roger has served the Summer Village of Birchcliff since 2017 and is committed to protecting and improving the community and quality of life for Birchcliff residents while protecting the environment and your investment. Roger has been actively involved in the following associations.

- Joint Services Committee (JSC) representing the 5 Summer Villages on Sylvan Lake as chair
- JSC Human Resource Subcommittee leader
- Sylvan Lake Management Committee representing the 5 Summer Villages, Lacombe County, Red Deer County and the Town of Sylvan Lake as chair
- Sylvan Lake Regional Waste Water Commission as board member
- Inter-Municipal Planning Committee as director
- Alberta Summer Villages Association member as member
- Alberta Urban Municipalities Association as member

Before serving his community, Roger was a private industry executive responsible for leading a number of multi-billion dollar operational functions, integrations and transformations across Canada and is an accomplished senior executive leader in multi-disciplinary functions including Human Resources, Information Technology, Finance, Operations, Supply Chain Logistics, Merchandising, and Marketing.

During his short time on council, the culture of the administration function has changed from command and control to a more inclusive and community engaging experience. Expenses in operations have been reduced by 9.8% along with the elimination of reserves used to subsidize municipal operations. Council has made significant strides in improving the quality of life for its residents, implementing the community pier program and the pathway are but a few examples and council is currently working on longer term initiatives which include shoreline restoration and developing an integrated political plan.

Roger is passionate about our village and quality of life and enjoys the complexity of municipal government. Roger will continue to work towards sustaining our quality of life through planning and awareness and believes continuity, commitment, and follow through are key contributing factors to a successful council and sustainable outcomes.

Roger is at home in the outdoors and has more hobbies than time. He has a love of family and friends as well as fine wine and good food.
