

## SUMMER VILLAGE OF NORGLNWOLD

**Winter Road Maintenance**

**Policy 32.1**

**Passed August 28, 2002**

**Resolution 107-02**

### SCOPE

This policy shall set out procedures and priorities for snow clearing and ice control for the Summer Village of Norglenwold

### PURPOSE

The purpose of this policy is to provide for safe traffic movement and driving surfaces during the winter season.

### DEFINITIONS

1. A major snowfall shall be considered to have occurred when snow fall reaches a depth of ten (10) to fifteen (15) cm or more.

### SPECIFIC PROCEDURES

#### SNOW PLOUGHING

Snow ploughing shall be undertaken after a major snowfall in the priority order as identified within this policy. Snow shall be ploughed to the sides of the streets

#### STREET SANDING

1. Streets shall be sanded when winter driving conditions become a hazard to public safety. When the aforementioned conditions exist, the contractor will be contacted by the Administrator or designate and the work will be undertaken.

- horizontal & vertical alignment changes (hills & curves)
- stop signs / yields

2. Sand shall be placed at intersections on the lanes which are signed to either yield or stop.

3. Operators shall take care not to operate the spinner when meeting vehicles.

### GENERAL

The Administrator may apply snow ploughing or sanding to any area within the Village if, in the Administrator's opinion, a safety hazard is being created.
