SUMMER VILLAGE OF JARVIS BAY

HIGHLIGHTS OF THE REGULAR COUNCIL MEETING

SEPTEMBER 1,2026

LAND USE BYLAW
Council reviewed the “What We Heard” Report prepared by the consultant and considered the comments received. Council gave second reading to the bylaw with a minor amendment to 9.9.9 changing the word "turf" to "lawn".

Tourist homes continue to be a contentious issue and more discussion will occur. Council is seeking a tabulation of responses divided into residents vs. non-residents and how many currently support one position or the other.

TREE REMOVAL
Council revisited the request for the removal of trees from the municipal reserve, as presented at the July Council meeting. Council approved the removal of all nine (9) trees identified by the arborist in order to avoid additional costs associated with future mobilization.

ASSOCIATION OF SUMMER VILLAGES OF ALBERTA SILENT AUCTION
Council discussed the request received from the Association of Summer Villages of Alberta (ASVA) for a donation to the Silent Auction being held during its annual conference. Council approved providing an auction item with a value not exceeding $200.00.

SNOW REMOVAL POLICY
Council reviewed the Snow Removal Policy and confirmed that the current level of service remains unchanged, with the exception of the intersection at 391, which will now be sanded for both incoming and outgoing lanes.

STREET LIGHTS IN JARVIS BAY ESTATES
Council approved the repair and retrofit of the street light fixtures in Jarvis Bay Estates.

NEXT REGULAR COUNCIL MEETING IS
October 6, 2026 @ 9:30 A.M.

For more details from the Summer Village of Birchcliff Council meetings, please refer to the meeting minutes. All meeting agendas are posted to the website a few days prior to the meeting and minutes are posted after Council approval. Please visit the website at **www.sylvansummervillages.ca.**
