Summer Village of Norglenwold

HIGHLIGHTS OF THE REGULAR COUNCIL MEETING
OCTOBER 30, 2026

PARKLAND REGIONAL LIBRARY BOARD
Council approved the Parkland Regional Library Board 2027 Budget with a rate of $11.05 per capita which is an increase of $1.06 from 2026.

DOCK AND MOORING BYLAW
Council gave 3rd reading to the Dock and Mooring Bylaw #295-26 with minor amendments. Please refer to the website to view this new bylaw at www.sylvansummervillages.ca.

PROCEDURAL BYLAW
In response to legislative changes enacted through Bill 50, municipal Council Codes of Conduct were repealed. Accordingly, the Procedural Bylaw was amended to remove all provisions and references related to Councillor conduct. Council subsequently granted third reading to Procedural Bylaw No. 298-26.

STRATEGIC PLAN
Prior to the November Council meeting, Council met to discuss projects and initiatives they would like Administration to advance in the coming years. The resulting project list was presented to Council for discussion and prioritization as part of the 2027 work planning process. Administration will incorporate the identified priorities into a five-year Capital Plan, including estimated project costs, for Council's consideration and adoption at a future meeting.

ATB ACCOUNTS
Administration has been directed to evaluate potential investment opportunities and provide Council with recommendations regarding appropriate investment management strategies.

TREE RESPONSE
Council discussed an incident involving a tree located within a municipal reserve that fell onto a neighbouring property, resulting in damage to a resident's home. As Administration conducts regular inspections of municipal reserves to identify dead, dying, or hazardous trees, prioritizes those requiring removal, and addresses them as resources and budget permit, the Summer Village is not considered liable for the damages. The homeowner will pursue remediation through their insurance provider.

ENCROACHMENT AGREEMENT REQUEST
Council table this discussion until the November meeting.

RUSTIC CRESCENT LANDSCAPING
Representatives from EOR met with Council to review drainage and open space conditions within Rustic Crescent and gather input to guide the development of conceptual design options. Council supported a balanced approach that enhances drainage, protects water quality, improves aesthetics, and preserves the area's recreational, environmental, and lake access functions. Design work will continue through the winter, with the goal of advancing the project to a tender-ready stage, subject to scheduling and approvals.

NEXT REGULAR MEETING OF COUNCIL
NOVEMBER 27, 2026 @ 9:00 A.M.

For more details from the Summer Village of Norglenwold Council meetings, please refer to the meeting minutes. All meeting agendas are posted to the website a few days prior to the meeting and minutes are posted after Council approval. Please visit the website at **www.sylvansummervillages.ca**.
